The words, blatantly meaningless to all save Caine and the man he addressed, deprived Blacarda of speech. The injured man had an insane impulse to run away. The coarse joviality of his conqueror seemed more fraught with menace than an open threat would have been. 'The situation was saved by the arrival of Reuben Standish. Conover, during the month that followed, found time from his financial warfare to make three more calls at the Standish house. She had no shadow of actual fact to go on; and men demand facts. So she continued to puzzle her lover by alternate spells of effusive demonstration and chilling sulks.

The ever-ready tears, too, began to leave marks. She was not looking her best. In her lonely misery the girl was glad of this. She wished Conover would call by daylight instead of at night, so that he might see and be repelled by what she pleased to term the "ravages" his at tentions were wreaking on her once placid face. Caine and her father, it is true, gave most flattering heed to these "ravages": but heartlessly ascribed them to hot weather and need of change to the

country. Mrs. Standish's vitreous gaze, too, mingled a mild curiosity with its irritating benevolence. Once she asked Letty quite tactfully if the engagement with Caine were not perhaps a mistake and if the girl might not be in danger of blighting her God-given young life by a loveless marriage. To which random shot Letty paid the passing tribute of a flood of tears hat convinced Mrs. Standish of her own spiritual inspiration in putting the ques tion. The net result of it all was that Letty and her aunt were packed off, with Clive, to the seaside for a month.
